

THE TRUMP/DARLING *PRIVILEGED NOMINATION PROCESS SCAM*

President Trump is participating in the cover up of Elizabeth M. Darling's Faith and Family sex scandal by purposely avoiding an in-depth confirmation process of his Presidential Nominee for commissioner of his Children Youth and Families Department. Trump has done this by requiring the *Privileged Nomination Process* for his appointment of Darling.

This *Privileged Nomination Process* provides for a “**limited search**” of a Presidential nominee. As a result, President Trump is corruptly using this purposeful lack of due diligence by this process to avoid exposure and consideration of Darling's documented Faith and Family sex scandal by the Senate charged with the confirmation of Presidential appointees.

Ms. Darling's documented scandal involves current Trump appointees, **Supreme Court Justice Brett Kavanaugh and Federal Judge Don Willett** (from their involvement with Darling and Darling's scandal in the Bush Administration where the scandal began), and **Energy Czar Rick Perry** who inherited Ms. Darling's Faith and Family sex scandal when he appointed Ms. Darling to head his Faith Based operation, The Onestar Foundation of Texas.

So much for draining the swamp.
